To: The Shareholders of Luxchem

Dear Sir/ Madam,

PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

1.0 INTRODUCTION

On 8 March 2021, the Board announced that the Company proposes to seek shareholders' approval on the Proposed Renewal of Share Buy-Back Mandate at the forthcoming 29th AGM.

The purpose of this Statement is to provide you with information on the Proposal and to seek your approval for the ordinary resolution pertaining to the Proposed Renewal of Share Buy-Back Mandate to be tabled as a Special Business at the forthcoming 29th AGM of the Company, to be held on 27 May 2021. The Notice of the 29th AGM containing the above ordinary resolution under Special Business, together with the Proxy Form is available at the Company's website at <http://luxchem.com.my/luxchem-29-agm.html>.

SHAREHOLDERS ARE ADVISED TO READ THE CONTENTS OF THIS STATEMENT CAREFULLY BEFORE VOTING ON THE RESOLUTION TO GIVE EFFECT TO THE PROPOSAL.

2.0 INFORMATION ON THE PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

2.1 Details of the Proposed Share Buy-Back

The Company proposes to seek the approval from its shareholders of the Company at the forthcoming 29th AGM for the Proposed Renewal of Share Buy-Back Mandate.

The approval from the shareholders would be effective immediately upon the passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Mandate at the forthcoming 29th AGM and shall continue to be in force until:-

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution is passed, at which time it will lapse unless by an ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders in general meeting;

whichever occurs first.

2.2 Maximum Number or Percentage of Shares to be Acquired

The maximum aggregate number of Luxchem Shares which may be purchased by the Company shall not exceed ten per centum (10%) of the total number of issued shares of the Company in compliance with Paragraph 12.09 of the Listing Requirements.

As at the LPD, the maximum number of Luxchem Shares that can be purchased and/or held by the Company will be as follows:-

	<u>No. of Shares</u>
Total number of issued shares of Luxchem	996,974,553
10% of the total number of issued shares	99,697,455
Maximum number of shares which may be purchased in respect of the Proposed Share Buy-Back	<u>99,697,455</u>

The actual number of ordinary shares in Luxchem to be purchased by the Company pursuant to the Proposed Share Buy-Back, the total amount of funds involved for each purchase and the timing of the purchase(s) will depend on, among others, the market conditions and sentiments of the stock market, the availability of financial resources and the retained profits of the Company at the time of the purchase(s).

2.3 Maximum Amount of Funds to be Allocated and the Source of Funds

The funding for the Proposed Share Buy-Back will be from internally generated funds or external borrowings or a combination of both and the maximum fund to be allocated for such transactions shall not exceed the aggregate balance standing in the retained profits of the Company.

The retained profits of the Company based on the latest audited financial statements as at 31 December 2020 was RM30,444.00.

In the event the Company purchases and holds its own Shares using external borrowings, the Board will ensure that the Company has sufficient funds to repay the external borrowings and the repayment is not expected to have a material effect on the cash flow of the Company.

2.4 Treatment of Shares Purchased

In accordance with Section 127(4) of the Act, the Directors may, at their discretion, deal with Luxchem Shares in the following manner:-

- (a) To cancel the Shares so purchased; or
- (b) To retain the Shares so purchased in treasury which is referred to as “treasury shares”; or
- (c) To retain part of the Shares so purchased as treasury shares and cancel the remainder.

Based on Section 127(7) of the Act, where such Shares are held as treasury shares, the Directors may at their discretion:-

- (a) distribute the Shares as dividends to the shareholders, such dividends to be known as “shares dividends”;
- (b) resell the Shares or any of the Shares in accordance with the Listing Requirements;
- (c) transfer the Shares or any of the Shares for the purposes of or under an employees’ share scheme;
- (d) transfer the Shares or any of the Shares as purchase consideration;
- (e) cancel the Shares or any of the Shares; or
- (f) sell, transfer or otherwise use the Shares for such other purposes as the Minister charged with the responsibility for companies may by order prescribe.

While the Purchased Shares are held as treasury shares, the treasury shares shall not be taken into account in calculating the number or percentage of shares, or of a class of shares in the Company for any purposes including, without limiting the generality of the provision of Section 127 of the Act, the provision of any law or the requirements of the Company’s Constitution or the Listing Requirements on substantial shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting. An immediate announcement will be made to Bursa Securities in respect of the intention of the Board on the treatments of the Purchased Shares, i.e. notification of purchase, resale or transfer or cancellation of the Purchased Shares as per the Listing Requirements.

As at the date of this Statement, the Board has yet to make any decision with regards to the treatment of the Shares so purchased in the future.

Where the Directors resolve to cancel the Shares so purchased or cancel any treasury shares, the number of the Company’s issued shares shall be diminished by the Shares so cancelled. It is pertinent to note that the cancellation of Shares made pursuant to Section 127(15) of the Act shall not be deemed to be a reduction of share capital.

2.5 Rationale for the Proposed Share Buy-Back

The Proposed Share Buy-Back will enable the Company to utilise its surplus financial resources to purchase its own Shares from Bursa Securities. It may also assist in stabilising the supply and demand as well as the market price of its Shares traded on Bursa Securities.

The Purchased Shares, whether to be held as treasury shares or subsequently cancelled, will effectively reduce the number of Shares carrying voting and participation rights. Therefore, the shareholders of the Company may enjoy an increase in the value of their investment in Luxchem due to improvement in the consolidated EPS, as a result of the decreased share capital base used for the computation of the Company’s EPS.

The Purchased Shares can be held as treasury shares and resold at the stock market of Bursa Securities at a higher price with the intention of realising capital gain without affecting the total number of issued shares of the Company. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

2.6 Potential Advantages and Disadvantages of the Proposed Share Buy-Back

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:-

- (i) the Proposed Share Buy-Back, if implemented, will allow the Company to utilise its financial resources where there are no immediate use, to purchase the Luxchem Shares. If the Luxchem Shares purchased are held as treasury shares or cancelled immediately, this may strengthen the consolidated EPS of the Group;
- (ii) the Proposed Share Buy-Back may also stabilise the supply and demand of Luxchem Shares traded on Bursa Securities and reduce the volatility of Luxchem Share price. The stability of Luxchem Share price is important to maintain investors' confidence in order to facilitate future fund raising exercises of the Company via the equity market;
- (iii) the Proposed Share Buy-Back will provide the Company opportunities for potential capital gains if the purchased Luxchem Shares which are retained as treasury shares are resold at prices higher than the purchase prices and such proceeds may be subsequently used for investment opportunities arising in the future, working capital and/or to be distributed as dividends to shareholders; and
- (iv) in the event the treasury shares are distributed as share dividends, it will serve to reward the shareholders of Luxchem.

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:-

- (i) the Proposed Share Buy-Back, if implemented, will reduce the amount of financial resources available for distribution to the shareholders of the Company;
- (ii) if the Company decides to utilise bank borrowings to finance the Proposed Share Buy-Back, the Company's cash flow may be affected to the extent of the interest costs associated with such borrowings;
- (iii) the funds allocated for the Proposed Share Buy-Back could be used for other better investment opportunities which may emerge in the future; and
- (iv) as the Proposed Share Buy-Back can only be made wholly out of the Company's retained profits, it may result in the reduction of distributable reserves available for distribution to the shareholders.

The Proposed Share Buy-Back, however, is not expected to have any potential material disadvantages to the Company and its shareholders, as it will be implemented only after in-depth consideration of the financial resources of Luxchem which need to be balanced against investment opportunities and other proposals that can enhance value to its shareholders. The Board is mindful of the interests of the Company and its shareholders with respect to the above exercise.

2.7 Financial Effects to the Proposed Share Buy-Back

The financial effects of the Proposed Share Buy-Back on the share capital, earnings, working capital, NA, dividends and shareholdings of Directors and Substantial Shareholders of the Company or Group are set out below:-

2.7.1 Share Capital

The effect of the Proposed Share Buy-Back on the issued share capital of the Company will depend on whether the Purchased Shares are cancelled or retained as treasury shares. The Proposed Share Buy-Back will result in a reduction of the issued share capital of the Company if the Purchased Shares are cancelled.

In the event the Proposed Share Buy-Back is carried out in full and all the Purchased Shares are cancelled, the present issued share capital of the Company will be reduced by the number of Shares so cancelled as follows:-

	As at LPD No. of Shares	After the Proposed Share Buy-Back No. of Shares
Existing share capital as at LPD	996,974,553	996,974,553
Less: Maximum number of Shares that may be purchased pursuant to the Proposed Share Buy-Back	-	(99,697,455)
Resultant ordinary issued share capital	996,974,553	897,277,098

If the Purchased Shares are retained as treasury shares, the Proposed Share Buy-Back will not have any effect on the issued share capital of Luxchem. Nevertheless, certain rights attached to the Purchased Shares are suspended while they are held as treasury shares.

2.7.2 Earnings

The effects of the Proposed Share Buy-Back on the EPS of Luxchem Group is dependent on the number and the purchase prices of the Purchased Shares, the effective cost of funding and/or the interest income foregone in connection with the funding of such Purchased Shares.

If the Purchased Shares are retained as treasury shares or cancelled subsequently, the number of shares applied in the computation of the EPS will be reduced and this may improve the consolidated EPS of the Group.

2.7.3 Net Assets

The effect of the Proposed Share Buy-Back on NA of Luxchem Group is dependent on the number of Purchased Shares, the purchase price of Luxchem Shares, the effective cost of funding and the treatment of the shares purchased.

The Proposed Share Buy-Back will reduce the NA per Share if the purchase price is higher than the NA per Share at the time of purchase. On the contrary, the NA per Share will increase if the purchase price is lower than the NA per Share at the time of purchase.

2.7.4 Working Capital

The Proposed Share Buy-Back, as and when implemented, will result in an outflow of cash and thereby reduce the working capital and cash flow of Luxchem Group. The quantum of reduction in working capital is dependent on the purchase price and number of Luxchem Shares purchased.

However, for Luxchem Shares so purchased and kept as treasury shares, upon its resale at a higher selling price than the initial purchase price, the working capital and the cash flow of Luxchem Group will increase. The quantum of the increase in the working capital and cash flow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold.

2.7.5 Dividends

The Proposed Share Buy-Back is not expected to have any impact on the dividend payment as the Board will take into consideration the Company's profit, cash flow and the capital commitments before proposing any dividend payment.

2.7.6 Directors' and Substantial Shareholders' Shareholdings and Person Connected with Them

2.8 Public Shareholding Spread

As at LPD, the public shareholding spread of the Company was approximately 45.74%. Assuming that the Company purchases up to the maximum number of Shares as allowed under the Proposed Renewal of Share Buy-Back Mandate, the public shareholding spread is expected to reduce to 39.70%.

The Company shall not buy-back any shares if it results in the Company being in breach of the minimum public shareholdings spread requirement of the Listing Requirements of Bursa Securities.

2.9 Implication of the Code

The purchase of Luxchem Shares pursuant to the Proposed Renewal Share Buy-Back Authority will effectively cause the shareholders' percentage shareholdings in Luxchem to increase without any corresponding increase in the actual number of Shares held, assuming all other things being equal.

Pursuant to the Code, a person and/or any persons acting in concert with him ("PACs") will be obliged to make a mandatory take-over offer when as a result of a buy-back scheme by the Company:

- (a) a person obtains controls in a company;
- (b) a person holding more than thirty-three percent (33%) but not more than fifty percent (50%) of the voting shares or voting rights of a company increases his holding of the voting shares or voting rights of the company by more than two percent (2%) in any six month period;

As at the LPD, the shareholdings of Tang Ying See and PACs to Tang Ying See are 44.86%. Assuming the Proposed Share Buy-Back is carried out in full, the shareholdings of Tang Ying See and his PAC will increase to 49.84%, Tang Ying See and his PACs will be obliged to undertake mandatory offer for the remaining Luxchem Shares not held by them if their shareholdings have increased to more than 50%. However, an exemption may be granted by SC under the provisions of the CMSA.

Nevertheless, the Board will be mindful in the implementation of the Proposed Renewal of Share Buy-Back Authority in a manner that will not result in any of the shareholders having to undertake a mandatory take-over offer pursuant to the Code.

2.10 Interests of Directors, Major Shareholders and Persons Connected to them

None of the Directors and/or Major Shareholders and/or persons connected to them, has any interest, direct or indirect, in the Proposed Renewal of Share Buy-Back Mandate.

2.11 Purchase of Luxchem Shares, Resale or Transfer and/or Cancellation of Treasury Shares in the preceding Twelve (12) months
